

Ogdensburg City School District  
Thoughts on Non Resident Students/Aid/Tuition  
10/21/2019

- \* Although the State Aid Formula does not run, its enrollment counts are still used for other (aid) purposes.
- \* Non-Resident Students do not count in the formula.
- \* The following aids are available for Non Resident Students:
 

Library:	6.25 per student
Software:	14.98 per student
Hardware:	24.20 per student
Textbook:	No Aid
- \* Tuition Rates must be the same for Regular Education and Special Education Students. Although K-6 & 7-12 can have different rates.
- \* The rates established by the State for Non-Resident Students are below. Although rates for tuition purposes can not be set higher than the Regular Education Rates for both K-6 & 7-12.

		Reg Ed k-6	Sp Ed K-6	Reg Ed 7-12	Sp Ed 7-12
Rates	NRT Report 18-19	\$ 1,585	\$ 20,635	\$ 3,018	\$ 22,068

- \* It is understood that you can not discriminate when allowing children into the School System... you can not pick and choose.
- \* Special Education Students can be claimed for Excess Cost Aid, only after the threshold of current \$42,396 of expense has been reached. Any expense above that amount is aidable at the current aid ratio of 82.8%.

example:

A \$100,000 cost student	\$ 100,000.00
	<u>\$ 42,396.00</u> less threshold
	\$ 57,604.00
	x .828 Aid Ratio
	<u>\$ 47,696.11</u> Possible aid to receive
	\$ 52,303.89 District cost after aid
