

MISSION STATEMENT AND VISION

Policy # 0000

The Board of Education recognizes that to govern effectively, it must clearly define why the district exists and what it aspires to be. The Board therefore adopts the following mission statement to convey the district's purpose, and vision to set forth what the district should strive to become in the future.

Mission Statement

The mission of the Ogdensburg City School District is to provide access to meaningful and engaging opportunities that empower ALL to learn, create, contribute and grow in a safe and welcoming environment.

Vision

Ogdensburg City School District envisions the district as a positive, safe community of learners who work collaboratively toward the common purpose of life long success.

Students will be supported to take ownership of their learning, develop self-advocacy skills and embrace individual and cultural differences.

As a result, graduates of the Ogdensburg City School District will be empowered to be responsible, respectful and productive members of society.

Annual Review

The Board recognizes that while the vision is intended to be a long-range statement of the ideal future for the district, it still requires continual evaluation. Accordingly, the Board will review the vision statement annually in developing the district's annual goals.
