Energy

## Ogdensburg City School District Energy Performance Contract

Anticipated carbon footprint  
reduction of 49% or 1066 tons.

1066 tons of CO<sup>2</sup> emissions is  
equivalent to:

Driving all the roads  
in St. Lawrence  
County

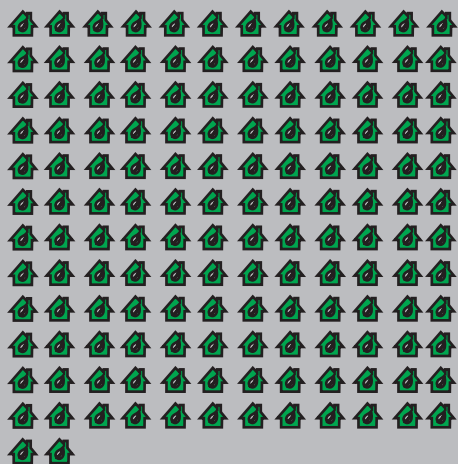

750x

or

146

average homes  
electric use for 1 year.

## Ogdensburg City SD Energy Performance Contract

Ogdensburg City Central School District is embarking on energy conservation improvements that will dramatically increase efficiency and save money. The district's energy savings performance contract with Day Automation Systems, Inc. calls for:

- LED lighting to be installed throughout, including the replacement of lighting at the Ogdensburg Free Academy Turf Complex
- Building automation system (BAS) upgrade
- Building envelope improvements in all district buildings

The work will be fully funded over the 18-year contract period by savings in energy and associated costs. Between the state aid generated and the savings realized by these improvements, **there is no impact on the local tax levy**. The estimated net savings from energy utility reduction is \$3.5 million over 18 years or 29%.

The initiative is not subject to voter approval, but a positive vote from the community would increase state aid for the project by 10% (approximately an additional \$555,000 in state building aid). The district will also qualify for an estimated \$105,000 in incentives from NYSERDA.

The target date for starting the work is June 2026.

*“A positive vote leverages additional state funding for energy improvements.”*

*“This project has no impact to the local tax levy as it is self funded.”*

*“Savings are guaranteed over the next 18 years”*

Kevin Kendall  
Superintendent

## Benefits of the Energy Performance Contract

**Carbon Footprint Reduction:** Potential for 49% reduction or 1066 tons of CO<sup>2</sup> emissions. That's the equivalent of what it takes to provide electricity to 19 homes in a year.

**LED Lighting:** LED lighting products produce light about 90% more efficiently than incandescent light bulbs. Better lighting benefits student instruction.

**Greater Energy Efficiency:** Greater efficiency in energy usage and temperature control by upgrading the building control management system and reducing infiltration into the building with insulation and other measures.

**Project Pays for Itself:** The energy performance contract is self-funding over 18 years.

**Savings Guarantee:** Day Automation projects an annual savings of up to \$280,000 for the district and will make up the difference in the event of a shortfall.

**Additional State Funding;** The project leverages our community's tax dollars to improve the campus and student's future by gaining 10% in state funding with a positive vote.

**Education and Enrichment:** Day Automation will provide educational and enrichment opportunities for students and teachers.

### VOTER INFORMATION

Date: Tuesday, October 21, 2025

Time: Noon - 9:00 pm

Location: Main Lobby, Ogdensburg Free Academy

Voter Eligibility:

- Citizen of U.S
- At least 18 years of age
- Legal resident at least 30 days prior to vote
- You do not need to be a registered voter

*Applications for absentee ballots may be applied for at the office of the School District Clerk, at the District Office, 1100 State Street, Ogdensburg, NY 13669 between the hours of 8:00 a.m. and 4:00 p.m. on weekdays. Absentee ballots must be received by 5:00 P.M. on date of election in the office of the School District Clerk.*
